

Municipality of Digby Art Bank Acquisition

Municipal Council believe it is important to support our creative community and purchase local art work with the intention to display this work at public spaces associated with the Municipality. The program will also promote the profile of local artists and artisans to the public with personal interpretive information associated with the art displays.

Purchases will be conducted annually. The total annual budget is \$2500. This could include more than one item. Each piece will be purchased at current market value.
