## How the Water Voucher Program Works

- Each voucher can be used for one 4L bottle of water.
- Each person can get one voucher per day.
- Each household can get up to 4 voucher (4 bottles) per day — even if more than 4 people live there.
  - Example:
    - A household of 2 people = 2 bottles per day
    - A household of 5 people = 4 bottles per day
- You can pick up vouchers two weeks in advance at the municipal office (12548 Hwy 217, Seabrook).
- Bring your vouchers to a participating location (listed on the voucher) to exchange them for 4L bottles of water.
- Vouchers are tracked by number and by civic address.
- You must live in the Municipality of Digby to receive vouchers.
